

# LAUNDRY TRANSPORT + ACCESSORIES

SNIJDERS CARE manufactures and supplies internal transport systems. In addition to the extensive range of standard products covered in this brochure, we can meet custom requirements in size and finish, and full customized solutions for new or existing departments. Our unchanging priority is to deliver the best possible end product based on the user's experience and knowledge of the market.

\*Specifications are subject to change.

### ICONS

-  *Stainless steel frame*
-  *Swivel castors*
-  *Donut bumpers*
-  *Soft-close lid*
-  *Optional lid colour*
-  *Foot control*
-  *Push handle*
-  *Linkable*

## STAINLESS STEEL LAUNDRY COLLECTORS WITH OR WITHOUT INTEGRATED PUSH HANDLE

For the collection of dirty laundry: mobile collectors in different sizes and designs to meet every requirement. Standard on all models:

- stainless steel construction, 22 mm tube (304)
- all joints welded around for stability and optimum hygiene
- laundry bag collectors with Care clamping ring for bags of size approx. 600 x 1000 mm measured flat
- 3-tube reinforcement of lower frame
- mounted on four 75-mm swivel casters with grey rubber tyres.

On certain models:

- hinged lid(s) with damping and foot control (foot control inhibits the collector from sliding)
- includes stainless steel hook(s)
- choice of lid colours (see page 55)
- donut bumpers available on request.

Options:

- 4 standard casters, 2 with brakes
- 4 stainless steel casters
- 4 stainless steel casters, 2 with brakes
- antistatic casters
- stainless steel bottom platform
- stainless steel hook.

The Care clamping ring securely mounts a wide variety of bag types.  
 Fold the ring down, hang the bag through the ring, and fold up the underside of the ring.  
 To remove the bag, simply fold the underside of the ring back down.

Detail of lid hinge (see page 54)

These universal carts are designed for the collection of dirty linen, waste and/or incontinence material. They combine the laundry collector and Droppy collector, normally closed but easily opened by the foot control. The universal carts offer a practical way of collecting dirty laundry and waste in one cart without risk of incorrect sorting. Mobile collectors come in different sizes and versions for collecting different amounts of dirty laundry, to meet the whole range of organizational and functional requirements.

## UNIVERSAL COMBINATION CARTS WITH 'DROPPY'

Standard on all models:

- stainless steel construction, 22 mm tube (304)
- all joints are welded around for stability and optimum hygiene
- rectangular laundry bag collectors with grey rubber clamping rings for bags of size approx. 600 x 1000 mm measured flat
- 3-tube reinforcement of lower frame.

On certain models:

- hinged lids with damping and foot control
- choice of lid colour (page 53).

Droppy:

- Droppy for waste bags of size 575 x 1000 mm measured flat, supported by a stainless steel platform on the lower frame
- opening the Droppy immediately inhibits movement of the cart
- mounted on 75-mm swivel casters with grey rubber tyres
- donut bumpers at the corners.

Available on request:

- an extra stainless steel platform on the lower frame of the laundry collector(s).

## OPEN LINEN WARD CART

The open ward carts have a clean linen area and collector(s) for dirty laundry. The platforms can be accessed from three sides and are easy to clean. All joints are welded around for stability and optimum hygiene.

Standard on all models:

- stainless steel construction, 22 mm tube (304)
- rectangular laundry bag collectors with Care clamping ring for bags of size approx. 600 x 1000 mm measured flat
- three light grey platforms for the clean linen, each of size 600 x 400 mm
- height between platforms: 320 mm
- a vertical separation wall between dirty and clean laundry
- mounted on four 125-mm swivel castors with grey rubber tyres, two with brakes
- rubber donut bumpers at the corners.

**\*Ward cart sizes do not include donut bumpers!**

**\*Open ward carts are also available with hinged and damped lids.**

LOC10

## LINKABLE WARD CARTS & LAUNDRY COLLECTORS

These linkable ward carts can be attached to an open or **closed ward cart without rings** using **the pedal & hook coupling mechanism LM1**. Any **linkable collector** can be linked to these ward carts.

This has great advantages for infection prevention: both parts can easily be used separately from each other, allowing the segregated storage of clean and dirty laundry (see page 50).

The LM1 pedal and hook mechanism is mounted at the back under the cart floor.

The ward carts are mounted on four 125-mm swivel castors, with grey rubber tyres, 2 with brakes, and have rubber donut bumpers at the corners.

LOC20LM1

**OPEN WARD CART (LOC20)  
WITH COUPLING MECHANISM (LM1)**

Tubular stainless steel frame, 22 mm (304).  
3 light grey platforms, each of size 560 x 480 mm.

ORDER NO.	WIDTH X DEPTH X HEIGHT
LOC20LM1	530 X 600 X 1110 MM

LCC60LM1

**CLOSED WARD CART (LCC60)  
WITH COUPLING MECHANISM (LM1)**

Tubular stainless steel frame, 22 mm (304).  
Cabinet with 3 compartments, each 515 x 495 mm,  
shelf heights, from top: 192, 234, 237 mm.

ORDER NO.	WIDTH X DEPTH X HEIGHT
LCC60LM1	550 X 600 X 1110 MM

*Coupling mechanism (LM1).*

LOC40LM1

**OPEN WARD CART (LOC40)  
WITH COUPLING MECHANISM (LM1)**

Tubular stainless steel frame, 22 mm (304).  
4 light grey platforms, each of size 560 x 520 mm,  
platform spacing: 285 mm.

ORDER NO.	WIDTH X DEPTH X HEIGHT
LOC40LM1	550 X 600 X 1310 MM

LCC70LM1

**CLOSED WARD CART (LCC70)  
WITH COUPLING MECHANISM (LM1)**

Tubular stainless steel frame, 22 mm (304).  
Cabinet with 3 compartments, each 515 x 495 mm,  
shelf heights, from top: 192, 297, 363 mm.

ORDER NO.	WIDTH X DEPTH X HEIGHT
LCC70LM1	550 X 600 X 1310 MM

LCC80LM1

### CLOSED WARD CART WITH DRAWER/Writing TABLET (LCC80) AND COUPLING MECHANISM (LM1)

Tubular stainless steel frame, 22 mm (304).

Cabinet with 3 compartments, each 515 x 495 mm, shelf heights, from top: 171, 234, 237 mm.

ORDER NO.	WIDTH X DEPTH X HEIGHT
